Dear friends of Saint Joseph,  
How many of us have had the experience of meeting a friend on the street and asking them, "How are things?" only to get the response, "Busy." We are so busy! Medical appointments, errands, kid's sports and clubs, even putting out the occasional fires ... you name it! We have spent years inventing labor-saving devices only to be busier than ever. This is why Advent is so important.

Here's where God steps in and calls us to wait for a bit. The season of Advent is an opportunity to slow things down, to take some time for recollection and to focus on matters of the heart. Advent takes seriously the coming of the Lord, not only the baby in the manger, but also the Christ of all ages. The God who wishes to be close to us, quietly and gently approaches. Let's not miss this opportunity for a special encounter because of our busyness.

Our preparation should be a mix of contemplation and action, by strengthening our prayer life, by acts of charity and generosity, and by seeking reconciliation with God and with our brothers and sisters. Then we will be able to celebrate the true meaning of Christmas: that God chose to become human - Emmanuel, "God is with us."
